Access to course material

Students can access all course documents filed by the teacher if they use MyUNIL for the management of course materials.

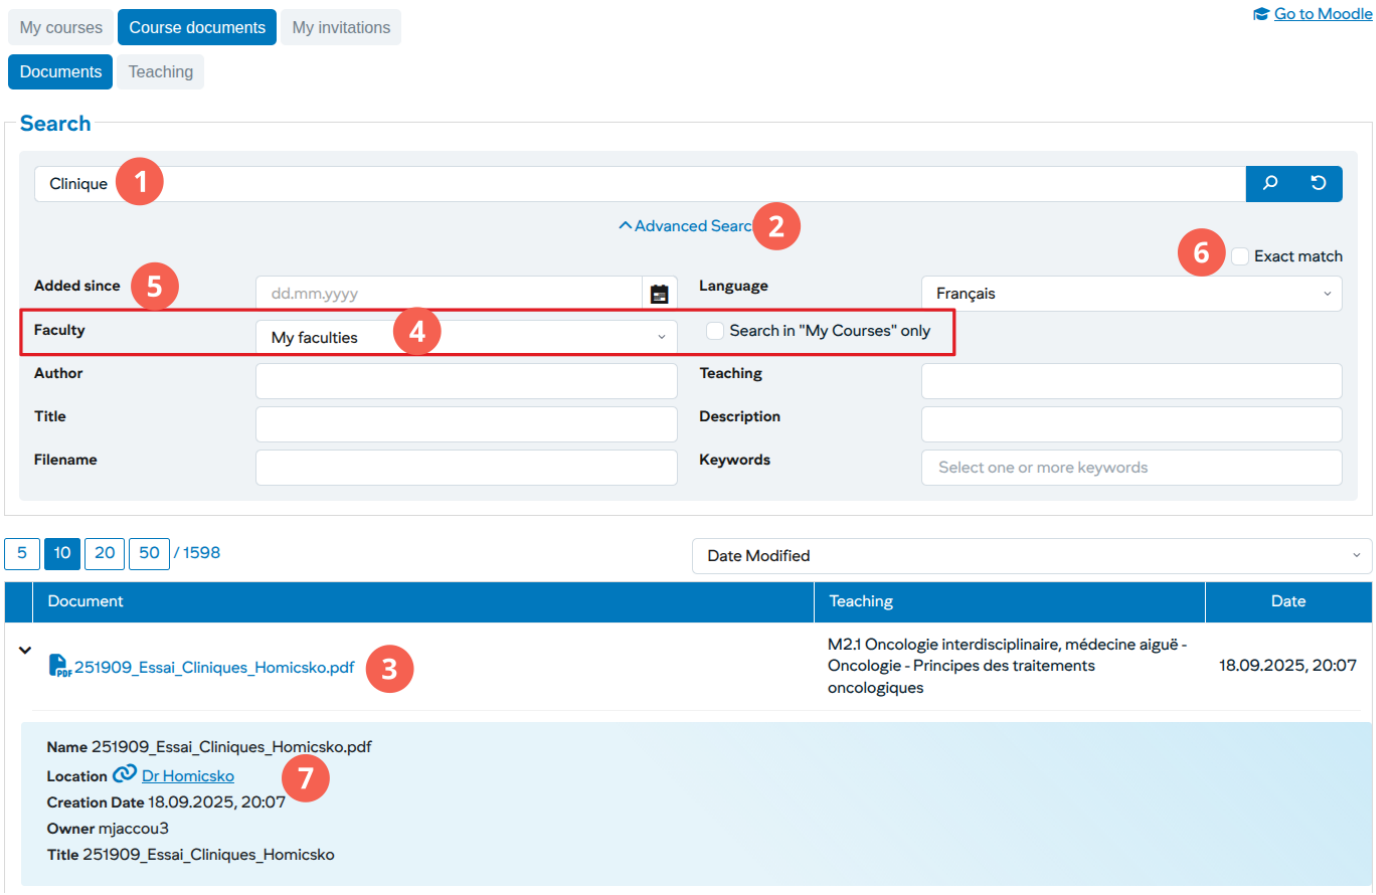

Access to course documents from the “Courses” application

Access from course list

1. Select course on the list on the left
2. The documents will appear in the “Documents” section to the right of the interface
3. On peut à l'aide des icônes :
   - Download folder as compressed file
   - Share bookmark of this course page
   - Share link of documents of this course

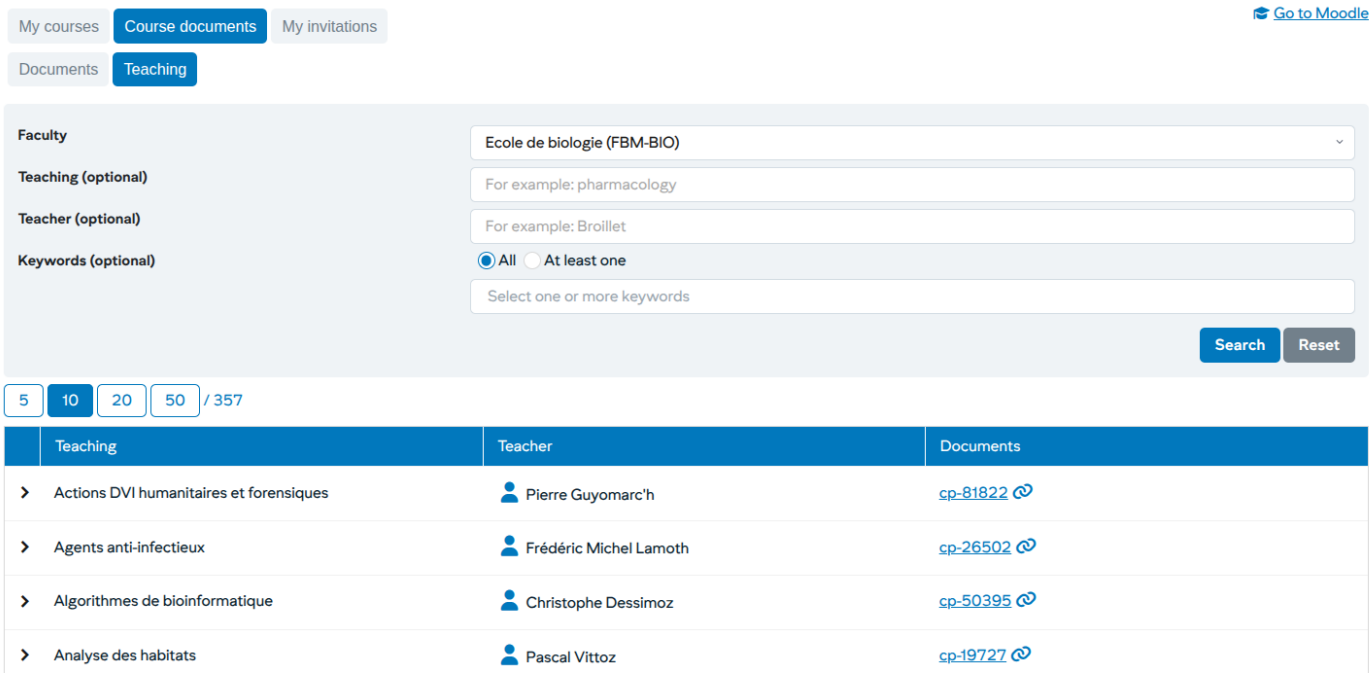

Search for course documents

By selecting the “Course Documents” tab, students have access to a search in course documents (**Documents** tab)

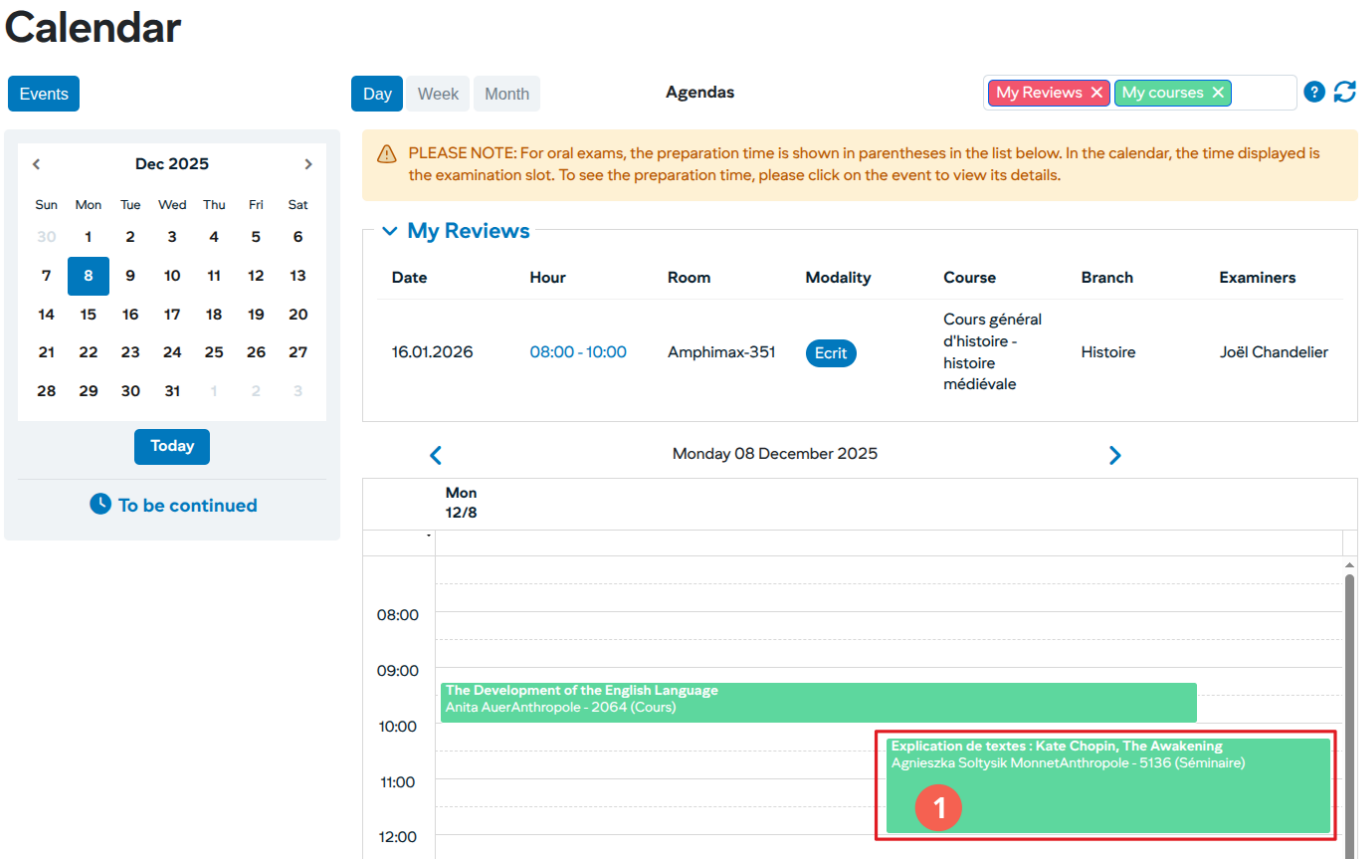

1. Search term
2. Access to advanced search
3. Result of the research. Access to the course space by clicking on the detail icon
4. Possibility of research in these courses or in the courses of the whole faculty
5. Allow to filter courses by date
6. Allow to define the language of the search term and possibly restrict the search to the exact term
7. Allow to view the contents of this directory (the icon allows to share the link to the documents in this directory)

Search for course documents from a faculty

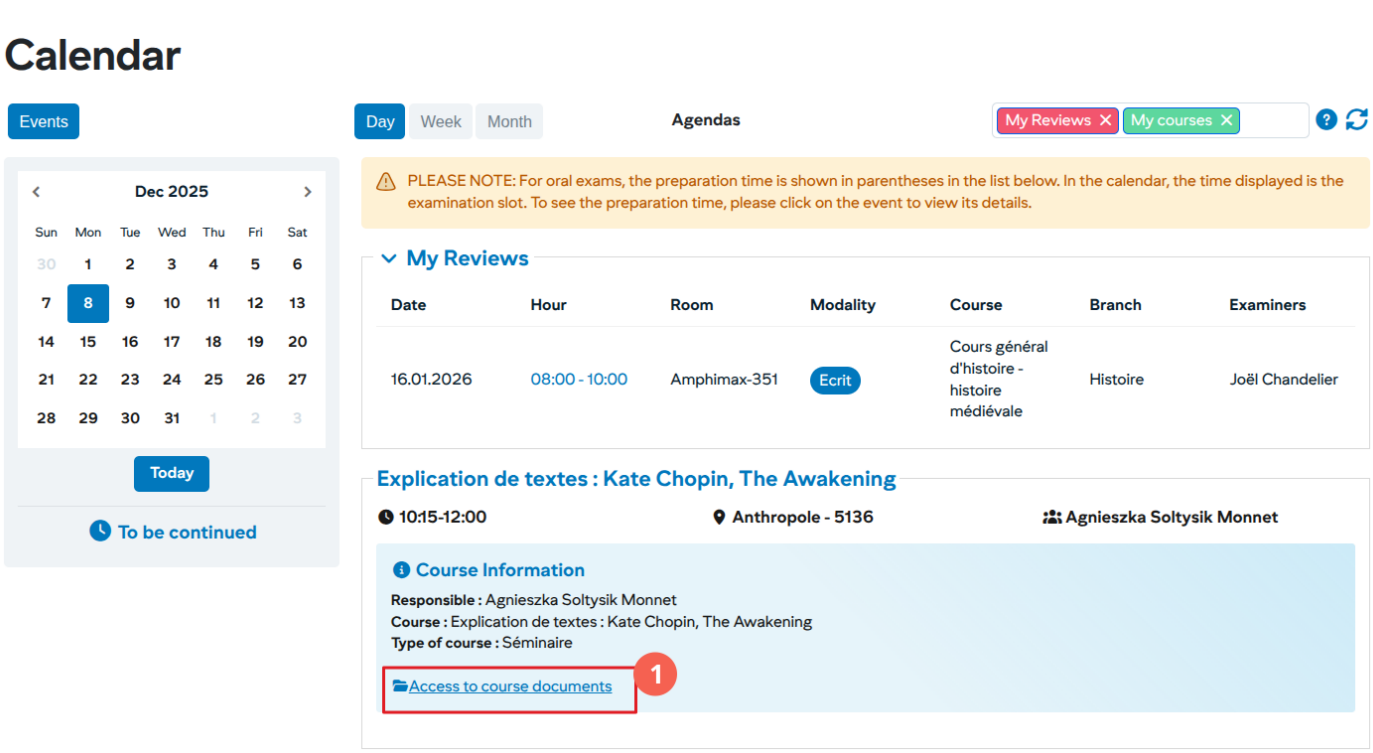

By selecting the “Course Documents” tab, students have access to a search in course documents of a faculty (**Teaching** tab)

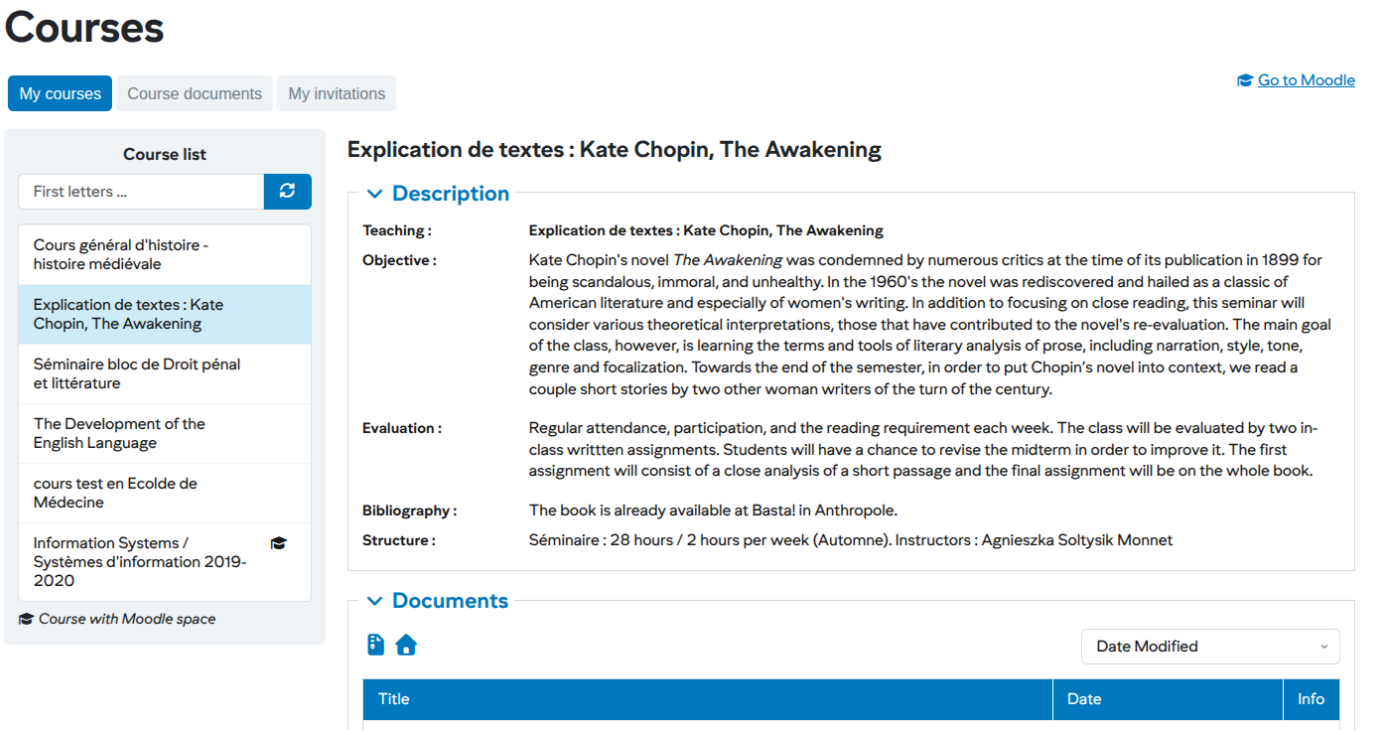

Accessing course documents from the “Calendar” application

1. Click on a course to view details

1. Access course documents from the link. The user is redirected to the “Courses” application and the file space is automatically displayed
