

Editing news/event content

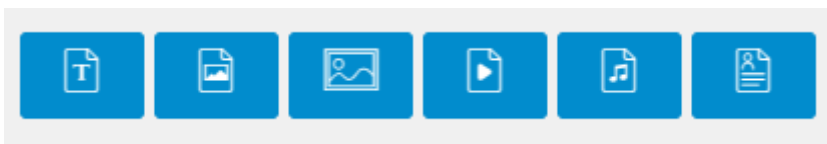

Actions

Users can add multiple text blocks and images. After editing, you can delete or sort the blocks at any time using the buttons to the right of the blocks:

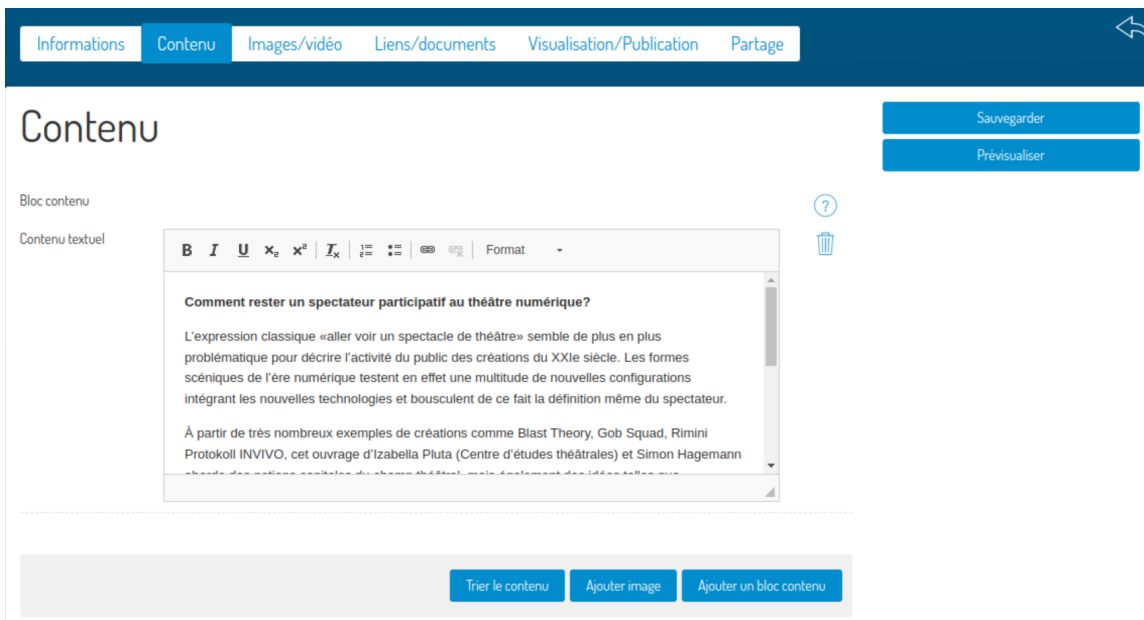

Blocks

At the bottom, a toolbar lets you add different types of content:

Respectively: text block, image block, gallery block, video block, podcast block and quote block.

- **Text block:** the user can use several formatting tools directly in the text

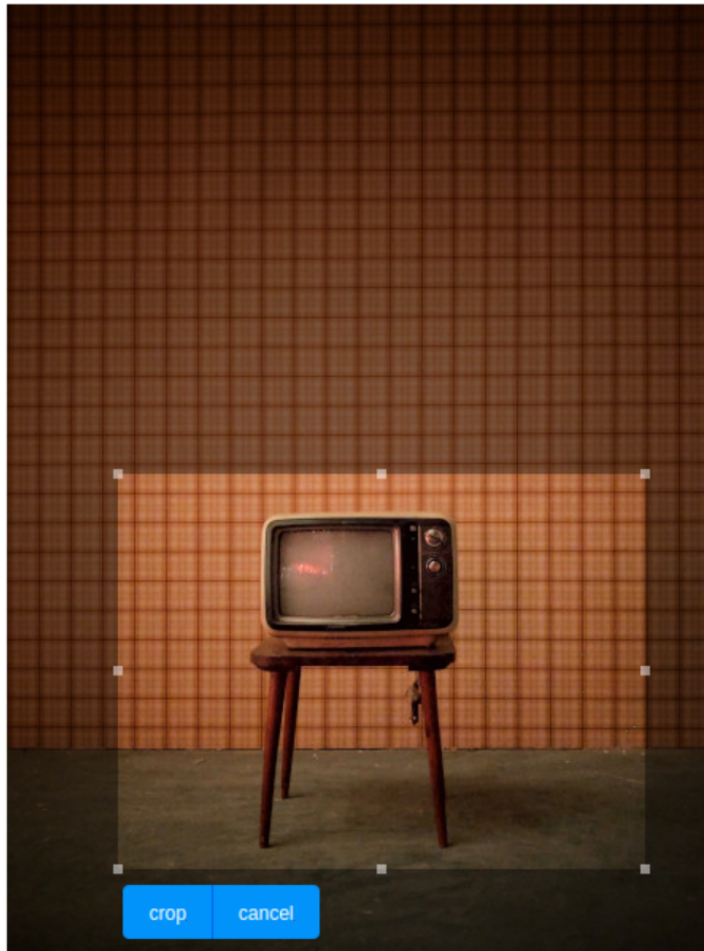

- **Image block:** users can add an image in 4:3 format, which requires cropping. The rectangular area can be adjusted with the mouse to preview the crop. Click on the crop button and then click on the Validate crop button to add the image to the content.

Recadrage d'images

Une image principale de taille de 800x600 pixels minimum est obligatoire pour qu'une actualité puisse être relayée sur le journal l'ACTU!

Le recadrage de l'image est obligatoire pour obtenir un format 4:3

Largeur 332 Hauteur 249

Légende

Valider le recadrage

Rétablir l'original

Annuler

Once the first image has been added, it is possible to add a second using the *Add secondary image* button, in which case the two images will be displayed side by side:

Contenu image

Description

Droit d'auteur

Ajouter une seconde image

You can then manage the presentation of these two images using the *Switch images* and *Delete secondary image* buttons:

Contenu image

Description

Droit d'auteur

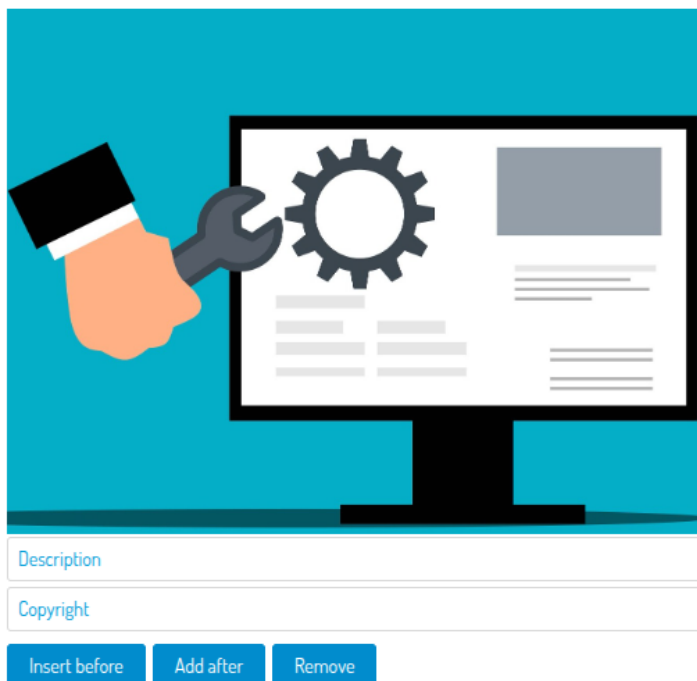

Description
(seconde)

Droit d'auteur
(seconde)

Intervertir les images

Effacer la seconde image

- **Gallery block** : unlike the image block, the user can add multiple images (with the same rules for size). You can then manage the addition/deletion of other images using the *Insert before*, *Add after* and *Remove* buttons.

- **Video block:** adds a video with the same rules as the [main video](#).

Description

Copyright

- **Podcast block:** adds a podcast to the content (embedded player). Supported formats are :
- RTS: **https://www.rts.ch/play/embed/?urn=urn:rts:audio:...**
- Podcastics: podcast **identifier** for simple player or playlist player

Description

- **Quote block:** allows you to quote a person. The minimum requirement is the quotation itself, the name and function of the person. Optionally, you can add a title and an external link with its label.

Citation

Expériences

Mon objectif, tout comme la mission de CIVIS, est de promouvoir les liens entre les personnes et les pays de cultures différentes. Mes activités avec les participants CIVIS m'ont permis d'apprendre beaucoup et de rencontrer d'autres personnes motivées et ayant pleins d'idées et de projets.
