

Relay news or events

Any element can be relayed at any time by the user in a channel for which it has write rights.

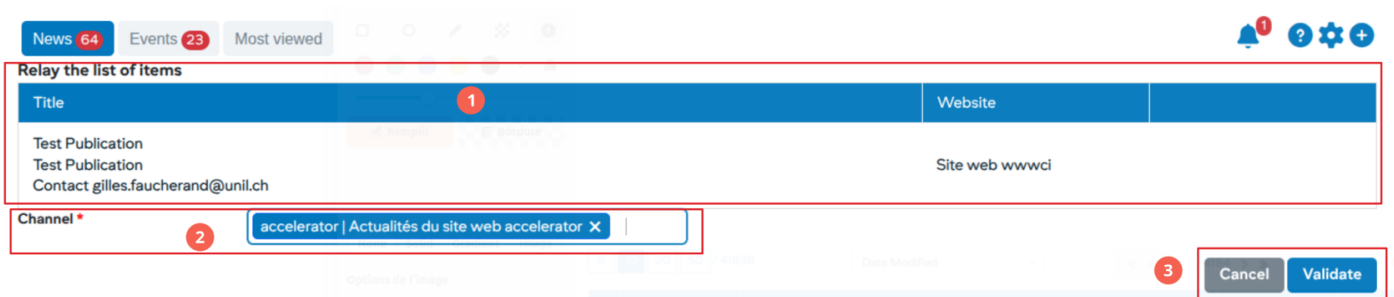

News search to relay

The screenshot shows a search results page with a table of items. At the top, there are filters for 'Date Modified' and a pagination bar showing '1 / 4184'. A red box highlights a 'Relay' dropdown menu in the top right corner. The table has columns for 'Visual', 'Title', 'Website', 'Published', and 'Visibility'. One item is visible: 'Test Publication' with a preview link, website 'wwwci.fr', and published dates '29.01.2026' and '28.02.2026'. A red box highlights a checkmark icon in the 'Visibility' column. Below the table are 'Edit', 'Delete', and 'Copy' buttons.

1. Select the elements to be relayed
2. Choose the option “Relay”

Validation of the relay

The screenshot shows a dialog box titled 'Relay the list of items'. It contains a table with columns 'Title' and 'Website'. The 'Title' column contains 'Test Publication', 'Test Publication', and 'Contact gilles.faucherand@unil.ch'. The 'Website' column contains 'Site web wwwci'. A red box highlights the 'Title' column header. Below the table is a 'Channel' dropdown menu with a search bar containing 'accelerator | Actualités du site web accelerator'. A red box highlights the dropdown menu. At the bottom right, there are 'Cancel' and 'Validate' buttons. A red box highlights the 'Validate' button.

1. List of elements to be relayed
2. Choose the channel (s) in which to relay the elements
3. Validate relays

After this step, the validated elements will be visible in the channels with an “R” status corresponding to the relay.
