

What is Green Open Access?

The Green Road refers to the parallel publication of a version of the manuscript in an open repository, or *self-archiving*. Open repositories can be institutional, as our own [SERVAL](#), or disciplinary.

The publication is often delayed (embargo period) and allowed only for the author accepted manuscript (AAM), also known as postprint. This is the manuscript accepted for publication (post peer-reviewed), but before all copyediting by the editor.

[SHERPA/RoMEO](#) is an excellent resource when trying to learn a publisher's policy on self-archiving.

[Héloïse](#) is a similar service available for francophone journals.
